

Now 50% Off* – Tool-Up with the Industry's Best High Feed Milling Cutters

**Achieve Peak Milling Performance with this
Exclusive Offer!**

Experience the power of precision with the Seco High Feed SP – now available at a special discounted price for a limited time! It's the combination that counts. Designed for tough ISO P, M, and S materials, this cutting-edge tool excels with its specialized cutting geometries, insert grades, and optimized lead angles. These features work together to increase material removal rates, improve chip evacuation, and extend tool life. Versatile and efficient, the Seco High Feed SP seamlessly handles copy milling, ramping, pocketing, face milling, and plunging, reducing the need for multiple tools. With its user-friendly design, operators can easily index inserts, minimizing errors, machine downtime, and scrap.

Don't miss out on this opportunity to elevate your machining performance at an unbeatable price!

*No minimum inserts or other purchase required to secure promotional pricing. Discount only applies to Seco High Feed SP cutter bodies. Limited time offer only available in US, Canada, and Mexico.

Special pricing valid from April 1st through June 30th, 2025.
