

Save on 5" 36 Grit Actirox FIBRE Discs

- **Exceptional Lifespan**

Delivers maximum stock removal with an impressively long service life

- **Optimized for Demanding Applications**

Excels in beveling, deburring, and weld seam preparation—perfect for high-powered angle grinders

- **Superior Abrasive Performance**

Consistently outperforms conventional abrasives, delivering high material removal with a uniform surface finish

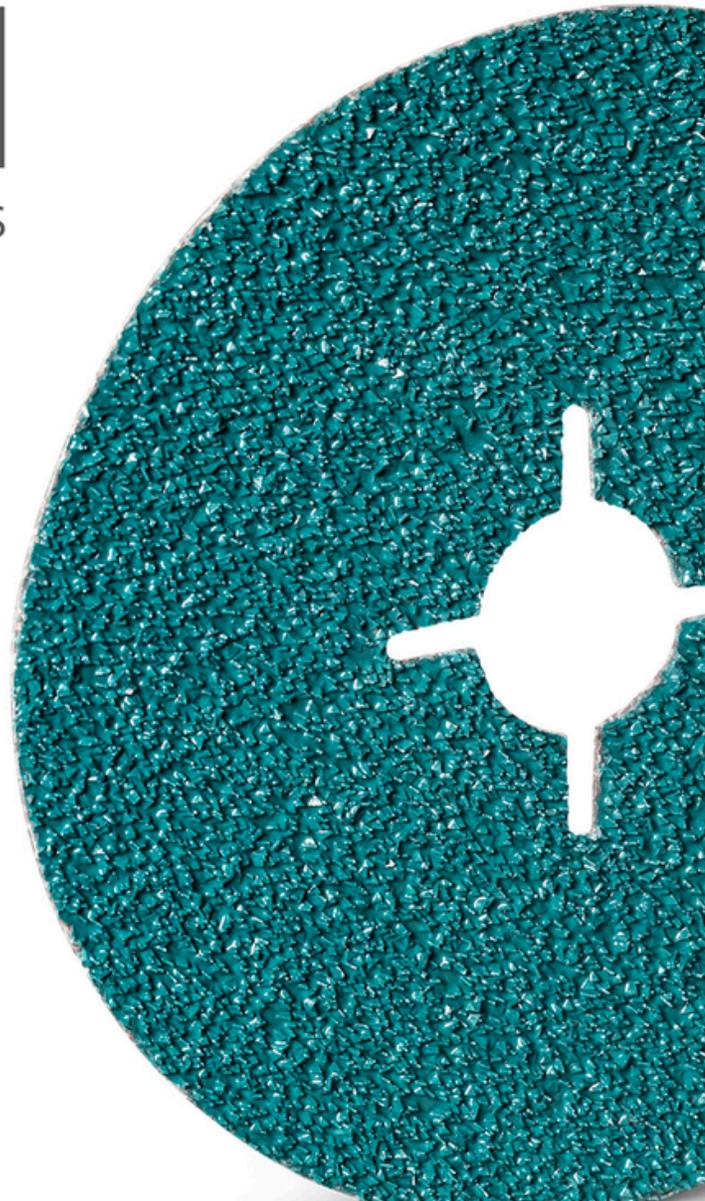

- **Finer Finish, Higher Output**

Achieve greater stock removal than expected for the grit size—without compromising surface quality

- **Harder, Vented Back Up Pad**

Actirox discs benefit the most with the use of this specially designed back up pad
